OF MEDICAL INFORMATION  
PURSUANT TO THE HEALTH INSURANCE PORTABILITY  
AND ACCOUNTABILITY ACT (HIPAA)

If you answered "Yes" to Section 21 of the Standard Form 86 (SF-86), carefully read this authorization to release information about you, then sign and date it in ink.

This is an authorization for the investigator to ask your health practitioner(s) the questions below concerning your mental health consultations. The U.S. government recognizes the critical importance of mental health and advocates proactive management of mental health conditions to support the wellness and recovery of Federal employees and others. The government recognizes that mental health counseling and treatment may provide important support for those who have experienced traumatic events, as well as for those with other mental health conditions. While most individuals with mental health conditions do not present security risks, there may be times when such a condition can affect a person's eligibility for a security clearance. Seeking or receiving mental health care for personal wellness and recovery may contribute favorably to decisions about your eligibility. Your signature will allow the practitioner(s) to answer only those questions identified below.
